

Mimo UM-760C-SMK

1024x600 Resolution

USB-driven LCD monitors are a friendly and affordable way to add a display to any computer or interface system.

7" USB VESA 75 Compatible Multi-Point Capacitive Touch Display

Designed along with the leader in transportation/taxi electronics, now from Mimo Monitors is a modified and improved 7" Monitor with a VESA 75 mount. The Mimo UM-760C-SMK adds the following features to its popular line of 7" displays

- Fully enclosed metal back with VESA75 pattern for the ultimate in secure and rugged mounting
- Rear facing speakers using audio over USB
- Adjustable backlight over USB interface
- Along with the standard features of the UM760 line of products
- The responsiveness of multi-point capacitive touch
- Utilizes DisplayLink™ technology that provides video, touch and power over a single USB connection. Now with the addition of audio over the same interface. No separate power supply to worry about
- Can be applied as a secondary customer-facing display in retail POS environments.

General Specifications:

- 7" diagonal, WSVGA, 1024 x 600 Resolution, Viewing angles: 75/75/70/75
- Capacitive Multi-point Touch Screen
- Utilizes Displaylink™ for power, touch audio, brightness adjust and video over single USB connection
- Compatible with Windows 7 (and higher), Linux, Chrome, and Mac OS*
- Contrast Ratio: 700:1

Applications:

- Transportation
- POP/POS
- Secondary screen for productivity
- Gaming and entertainment
- Light industrial shop-floor automation
- Digital Signage
- Video Conferencing

* With purchase of Mac touchscreen driver
